

# CDBS Transportation Overview

## Domestic (North America)

Effective October 17, 2023, Cummins Drivetrain and Braking Systems (CDBS), formerly Cummins-Meritor or Meritor, uses Uber Freight as our 3PL. They manage all our domestic transportation needs (including U.S. to Mexico, Mexico to U.S., U.S. to Canada and Canada to U.S.). Please email [cummins.meritor@uberfreight.com](mailto:cummins.meritor@uberfreight.com) for questions about CDBS transportation.

Shipments of 150 lbs. or more will go through Uber Freight. Please email [cummins.meritor@uberfreight.com](mailto:cummins.meritor@uberfreight.com) to set up the shipment.

All shipments must be entered into the Uber Freight TMS before to 12 noon EST (Eastern Standard Time) the day prior to pick up. If entered after noon, the shipment will be planned the next day, for pick up the following day.

Please refer to linked documents:

- CDBS Shipment Request Form
- CDBS Receiving Locations (RL Number) and Responsible Parties (RP)

Please see below for minimum required information for entering orders into Uber Freight TMS:

## Parcel

Shipments of less than 150 lbs. will go through small parcel. Email [jiaxin.zhang@cummins.com](mailto:jiaxin.zhang@cummins.com) for set up.

## International

For shipments moving inbound to the United States from an overseas location, please reach out to [christy.pass@cummins.com](mailto:christy.pass@cummins.com).

## Expedites

Both International and Domestic expedites need to be entered by a CDBS employee. If you are not a CDBS employee, reach out to your contact at CDBS to have them enter and approve expedites.
