**Service Letter No. 416  
December, 1994**

**SUBJECT: New Slave Piston Removal Tool**

**MODELS AFFECTED: All, Especially 340 and 340A**

Jacobs has released a new Slave Piston Removal Tool, P/N 018238, for the Models 340 and 340A engine retarder. The inner diameter of the sleeve on this tool is larger than the sleeve inner diameter on the Slave Piston Removal Tool, P/N 017397, in order to fit over the Model 340A slave piston foot. The new tool, P/N 018238, will fit other current model engine retarders as well as the Models 340 and 340A.
